

THE STATE OF NEVADA
CERTIFICATE OF APPROPRIATION OF WATER

WHEREAS, R. H. Winder, has presented to the State Engineer of the State of Nevada Proof of Application of Water to Beneficial Use, from Woods and McCullough Creek through Woods McCullough, East, Middle and West ditches and Hyde Wash for irrigation and stock watering purposes. The point of diversion of water from the source is as follows: S. 42° 05' E., 14,750 feet from the 1/4 corner sections 1 and 2, T. 6 N., R. 69 E., M.D.B. & M. situated in Lincoln County, State of Nevada.

Now Know Ye, That the State Engineer, under the provisions of Section 72, Chapter 140, Statutes of Nevada, dated January 1, 1913, has determined the date, source, purpose and amount of such appropriation, together with the place to which such water is appurtenant, as follows:

Name of appropriator R. H. Winder

Postoffice address Garrison, Utah

Amount of appropriation 0.025 cubic feet per second or 7.5 acre feet per annum or 0.0155 cubic feet per second

Period of use, from April 1st to July 1st of each year

Date of priority of appropriation February 2, 1917

Description of irrigated land to which water is appurtenant is as follows:

3 acres in the SW^{1/4} of Section 25, T. 8 N., R. 69 E., unsurveyed

2 acres in the NW^{1/4} of Section 26, T. 8 N., R. 69 E., unsurveyed

5 acres - total

The above described land is supplied with water from two sources, as designated in permits 4289 and 4290; one half of the supply has been allowed from Woods and McCullough Creek and one half from Rosencrante Creek.

NOTE: - This permit appears to be more important for the watering of 2000 head of sheep and 100 head of cattle, hence the additional allowance for stock watering.

The right to water hereby determined is limited to the amount which can be beneficially used, not to exceed the amount above specified, and the use is restricted to the place where acquired and to the purpose for which acquired.

In TESTIMONY WHEREOF, I, Robert A. Allen, State Engineer,

do sign and affix my hand and the seal of my office, this 2nd day of October, A.D. 1923.

Robert A. Allen
State Engineer
